Professional Development Opportunities

Here's a compilation of opportunities that I've had firsthand experience with over the years. I'll keep updating this list over time as I learn of new resources to share. You can find more about my current work by checking out my blogs, published research, and Twitter and LinkedIn feeds.

UNDERGRADUATES

- Research Experiences for Undergraduates funded by the U.S. National Science Foundation
- Foreign Language and Area Studies Fellowships funded by the U.S. Department of Education

GRADUATES

- Young Scientists Summer Program at the International Institute for Applied Systems Analysis
- Internships at the U.S. State Department
- Foreign Language and Area Studies Fellowships funded by the U.S. Department of Education

POST-GRADUATES

- Science and Technology Fellowships from the American Association for the Advancement of Science
- Presidential Management Fellowships from the U.S. Office of Personnel Management

CAREERS

- Job openings at NRDC
